Community Plan

Help us improve

We want to know about your experience with UnitedHealthcare Community Plan. You may be asked to complete a member survey by phone, mail or email. If you get a survey, please fill it out and let us know what you think. Your responses will be kept private.

We care for you

We give our providers tools, so they can best care for our members. These tools are called clinical practice guidelines. They tell the providers about how to manage illnesses and promote wellness. The guidelines cover care for a variety of illnesses and conditions like diabetes, high blood pressure and depression. They also give information on how to stay well with proper diet, exercise and recommended vaccines.

Healthy mind,
healthy body

Racism and mental health

Over the past year, the media has shared stories of police brutality, hate crimes and other forms of racial discrimination. Talking about the effects of racism isn't always easy. But let's start the conversation. If racism is taking a toll on your mental health, you're not alone. Help is available.

If you think you are experiencing race-based trauma or stress, you can get help from a multicultural or racial trauma-informed therapist. These therapists work to create an open, culturally affirming and empowering space for you to heal.

It's important to find a mental health provider you feel comfortable talking with and trust. This is important for preventive care, too. You should see your primary care provider every year for an annual wellness visit. This gives your provider a chance to catch problems early, when they are easier to treat.

Find a provider. We can help you find a mental health or primary care provider who is a good fit for you. Visit myuhc.com/communityplan.

Health equity

How we use and protect cultural data

We receive cultural data about you. This data may include your race, ethnicity and the language you speak. We do not use this data to deny coverage or limit benefits. We use this information to improve the services we provide. Having access to this data allows us to:

- Help you in languages other than English
- Find gaps in care
- Create programs that meet your needs
- Tell your health care providers which language(s) you speak

UnitedHealthcare protects your cultural data. Access is restricted to those employees who need to use it. Our buildings and computers are secured. Computer passwords and other system protections keep your data safe. To find out more about how we protect your cultural data, visit uhc.com/about-us/rel-collection-and-use.

Learn more. Want more information on our health equity programs? Visit unitedhealthgroup.com/what-we-do/health-equity.html. You may also call Member Services toll-free at **1-866-270-5785**, TTY **711**, for more information.

Your ride benefit just got better

Your health plan coverage includes unlimited rides to and from your provider's office and pharmacy. Now, members can also get 1 free round-trip ride per month to other pre-approved locations.

Stay healthy and get rides for things like:

- Food
- Exercise/fitness
- Support groups

Day-to-day needs are also covered with rides for:

- Childcare
- Education
- Employment
- Places of worship
- State/county offices
- Utility companies

Scheduling a ride is easy. Call **1-844-772-6623**, TTY **1-844-488-9724**,

Monday-Friday, 5 a.m.-5 p.m. PT. Or visit **modivcare.com** to schedule a ride or learn more.

Stay well

Catch up on adolescent well visits and vaccines

Due to COVID-19, many children are behind on their well visits and vaccines. If your child missed their back-to-school checkup this year, it is not too late to make it up.

Well visits are needed all throughout childhood – from babies to teens. These visits may include:

- A physical exam
- Vaccines
- Sight and hearing tests
- Discussion of physical activity and nutrition
- Developmental screenings for speech, feeding and physical activity
- Questions about your child's health and health history
- Lab tests, such as urine and blood tests

During the well visit, ask your child's provider if your child is up to date with their vaccines. Staying on schedule with vaccinations protects your child as well as others from getting sick. If your child missed any of their vaccines this year, it's not too late to make them up.

Get checked. Call your child's provider to make an appointment for a well visit. To find a new provider, visit **myuhc.com/communityplan**.

Or call Member Services toll-free at the phone number listed in the resource corner on page 4 of this newsletter.

Resource corner

Know your risk

Calling all women

Breast cancer and cervical cancer are 2 of the most common types of cancer in women. Here are some factors that may put you at an increased risk for getting them.

Breast cancer risk factors	Cervical cancer risk factors
Are age 50 or older	Have been infected with human papillomavirus (HPV)
Started your period before age 12 or started menopause after age 55	Have had other sexually transmitted infections (STIs)
Have a mother, sister or daughter who has had breast cancer	Have a mother, sister or daughter who has had cervical cancer
Are not physically active	Have had many sexual partners
Drink alcohol or smoke	Smoke

Make a screening plan.

Talk to your provider about screening for breast cancer and cervical cancer. If you need to find a provider, we can help. Call Member Services toll-free at the phone number listed in the resource corner to the left. Or visit **myuhc.com/communityplan**.

UnitedHealthcare Community Plan complies with Federal civil rights laws. UnitedHealthcare Community Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

UnitedHealthcare Community Plan:

- Provides free aids and services to people with disabilities to help you communicate with us, such as:
 - Qualified sign language interpreters.
 - Written information in other formats (large print, audio, accessible electronic formats, other formats).
